CIRCULAR FOR PARENTS

Advisory – No Instagram Accounts for Students Below 18 Years

Dear Parent,

Let's safeguard our children from the perils of social media.

In the interest of our students' well-being, Raghav Global School strongly advises that no child below the age of 18 should create or operate a social media account. Your active support is essential in reinforcing this boundary.

In light of these serious concerns, the school firmly reiterates:

- We do not support or endorse the use of Instagram or similar platforms by students below the age of 18.
- Any consequences stemming from such usage—including exposure to harmful content or online abuse—will be considered the sole responsibility of parents/guardians.
- Teachers are not obligated to monitor student social media activity, and the school will not assume liability for any such incidents.

We urge all parents to remain vigilant about their child's digital footprint.

Regards

Principal

HAPPY LEARNING ADVENTURES
