**CIRCULAR FOR GRADE VI**

**Subject: CT1 Assessment for Sanskrit – Grade VI**

Dear Parents,

As per the CBSE Third Language Policy, the study of three languages is compulsory at the Middle Stage to help students develop linguistic understanding and appreciation for Indian languages.

Keeping in mind that students of Grade VI are at the initial stage of learning Sanskrit and are still developing familiarity, confidence, and basic language skills, the school wishes to make the learning process more engaging, comfortable, and practice-oriented for the students.

Therefore, the **CT1 assessment for Sanskrit for Grade VI** will be conducted in the form of a **Project/Assignment-based** assessment instead of a written test. This approach will provide students with an opportunity to learn the language through activity-based practice and gradual understanding rather than pressure-based testing.

Students are requested to complete the assigned work sincerely and submit it within the stipulated timeline shared by the subject teacher. The same will be considered for CT1 evaluation.

The project/assessment details will be shared on **Monday, 04/05/2026**.

We appreciate your continuous cooperation and support in encouraging the students during this learning phase.

Regards,

Principal

HAPPY LEARNING ADVENTURES
