Extension of Schooling for Classes III–VIII

Dear Parents,
Greetings from Raghav Global School.

Please be informed that the school has decided to extend another week of schooling for Classes III–VIII.

This decision has been taken due to the increased number of holidays and loss of academic days earlier in the session on account of the **Kawad holidays, pollution-related closures, and other unforeseen interruptions**. The additional classes will help compensate for the academic loss and ensure timely completion of the syllabus along with better conceptual understanding for students.

Classes for Grades III–VIII will continue from **18th May to 22nd May 2026**. The summer holidays will commence from **23rd May 2026** onwards.

Students are requested to attend the extended classes regularly and punctually. The detailed schedule and timings will be shared separately by the respective class teachers/coordinators.

We seek your cooperation and support in ensuring your ward's regular attendance during this period.

Warm Regards

Priyanca Ghosh

Principal
