I Code Global Hackathon 2023
Grade 1 to 12

Dear Parents,

Greetings!

We are glad to announce that our school and students have been selected to participate in the **I Code Global Hackathon 2023 - The World's Largest Coding Competition for Kids!**
Our school is competing with the top 4580 schools in India that were carefully chosen for the competition, hence your child's participation is very important.

This competition provides a unique opportunity for children to compete against some of the best peers across 73+ nationalities and benchmark their coding skills at a global level.
Apart from winning the coveted ICode Hackathon certificates, our students will also get an opportunity to represent India at the Global Finals.

1. Please click on the link to register your child.
   https://ncl.icode.org/India/student by **17 April 2023, 6 PM IST.**
2. The competition is open for students of grades 1-12.
3. It is completely **free of cost.**
4. Once your child is officially registered, you will receive a confirmation mail stating the same after which they can get access to the practice modules, and participate in the preliminary qualifying weekly challenge.
5. Kindly share the screenshot of successful registration with the Class Teacher of your ward.

We look forward to your participation to embark on this journey of making our students young Global Coders!

Warm Regards

Team RGS

HAPPY LEARNING ADVENTURES
