### Introduction of 10m Air Pistol

Dear Parents,

At Raghav Global School it has been our earnest endeavour to bring to you the very best of **World Class** facilities, so as to give your child the topmost level of well-rounded education that schooling has to offer.

We are excited to announce the introduction of a new **Shooting Game** at our school!

This initiative aims to provide students, with an engaging opportunity to develop their skills in a safe and structured environment, while promoting teamwork, discipline, and focus. We plan to have this game from 8.00 am to 8.40 am twice in a week. To gauge the interest and to ensure that we have sufficient participants, we request you to kindly fill the consent form attached below. Additionally, a nominal fee of Rs 3000/- will be required to cover equipment and training costs.

Being an individual game that involves high levels of concentration, shooting has several benefits such as

- Totally safe
- Can be played by both boys and girls aged 10yrs or more.
- Vast improvement in concentration powers
- CBSE recognized sport – extra marks and sports quota in future admissions
- State and national level players get sports quota in colleges and jobs
- Participation at International level for top achievers

The programme is a result oriented one, aimed at making the children participate in various level tournaments. Every participating child will play in at least one tournament and the selected children will play at the district, state and national levels.

Kindly give your consent if you are interested in the participation of your ward in this initiative. Entries will be accepted on first come first basis.

**Note:**

**If we receive an optimum number of participants, we will proceed and launching the scheduled as planned.**

Thank you for your support and cooperation. We look forward to an exciting new venture for our students!

Warm regards
